TXproducts

Conference Scout — Upcoming Options

Next 6 months (Aug 27, 2026 – Feb 27, 2027) · generated Aug 27, 2026

Candidates for discussion at the next team meeting — semiconductors, power electronics (GaN/SiC), X-ray optics, photon/nanoscience, and defense/aerospace prospecting, sourced by the scheduled Conference Scout agent and reviewed by hand. PCIM Asia, IMAPS Onshoring Workshop, and SEMICON Taiwan were ruled out as not happening; ICSCRM 2026 was dropped per a no-international-travel-to-Japan constraint. Two further-out defense-prospecting candidates (GOMACTech 2027, IEEE RadarConf'27) fall outside this 6-month window and aren't listed here.

Verification note: the agent's sandbox blocks direct fetches to official event sites, so dates/locations are cross-referenced across multiple independent search sources rather than confirmed on the primary page — double-check the official site before committing budget or travel.

WiPDA-Europe 2026 WORTH RAISING

Sept 20–22, 2026

Aalborg, Denmark

IEEE workshop on wide-bandgap (GaN/SiC) power devices — niche but highly targeted technical audience. Flagged as a real candidate.

energy.aau.dk/wipda-europe-2026-e156452

XTOP 2026

Sept 21–25, 2026

Karlsruhe, Germany

16th Biennial Conference on High-Resolution X-Ray Diffraction and Imaging — direct X-ray diffraction/imaging overlap.

xtop2026.kit.edu

NOBUGS 2026

Sept 21–25, 2026 (core Sept 22–24)

Schenefeld Campus (European XFEL), near Hamburg, Germany

Explicitly covers metadata/data formats and FAIR data management for beamline software; co-hosted by DESY/European XFEL on TXproducts' home campus — the single best topical fit found.

nobugs2026.xfel.eu

RDA 27th Plenary Meeting (P27)

Oct 6–8, 2026

London, UK

Research Data Alliance plenary — strong FAIR/research-data-infrastructure networking, though less domain-specific than NOBUGS.

rd-alliance.org/plenaries/p27

AFLS2026

Nov 16–20, 2026

Harare, Zimbabwe

African Light Source / African Physical Society joint meeting — the Africa-based synchrotron-development community, with materials/X-ray characterization topics.

events.saip.org.za/event/255

MRS Fall Meeting & Exhibit 2026

Nov 29–Dec 4, 2026

Boston, MA, USA

Broad materials-science conference with strong X-ray characterization tracks.
